INDUSTRIAL VISIT 2019

BY

An industrial visit for the students of second and third year IT undergraduates was conducted by ACM- TCET that enabled students to directly communicate with industry persons and learn about the various technology trends in IT industry. The Industrial Visit started on 1st January 2019 and ended on 9th January 2019. Over the course of this excursion, students visited Ooty, Mysore and Bangalore. The students visited 'STPI' at Mysore and' UST Global' as well as ' Software technology parks of India' located in Bangalore. They also visited local attractions like iskon temple in Bangalore, Mysore palace in Mysore and many more that made this excursion a remarkably memorable one. The students had an enriching experience as they got to learn new things about the domains of Information technology and they also got a first hand experience related to the working environment of an IT industry.
