To: All students

Sub: Part of unofficial Industrial visit-IV (Trip)

It has been found that some students are participating in unofficial trip and circulating the same in the students group. They are also misleading their parents and giving false information of trip as institute organized IV. It is unethical and unofficial to participate in such activity.

The department had asked for consent for IV, those interested should give their consent in the institute organized IV.

Therefore, institute does not permit students to organize or participate in any unofficial IV. Still if any student proceeds on such unofficial trip, in case any eventuality happens institute will not be held responsible as institute does not recognize the same. Moreover, it will be taken on institute record which may reflect in their credential.

As per institute norms students are not supposed to be a part of unofficial industrial visit (trip).
